TERRIBLE CALAMITY.

The Paris Theatre Comique Destroyed By Fire and Search To-day Reveals Dead Bodies in Charred Heaps in the Ruins With the Worst to Come.

PARIS, May 26.—The Opera Comique took fire last evening. The whole building is now wrapped in flames. Several persons have been injured. Fourteen persons who jumped from the windows are dead and forty-three injured.

The fire broke out during the first act the opera "Mignon." One of the wings caught fire from a gas jet and the entire stage was immediately enveloped in flames. The fire soon spread to the whole house. Mme. Mergnillin and Mme. Tasquim and Bernard were on the stage when the fire broke out. All the actors ran out on the stage in costumes.

The audiemce got off easily, but the gas was turned off before all left the building and it is feared some were left in the upper tiers. The roof soon fell in sending showers of sparks as far as the Place de La Bourse.

Among the bodies taken out of the ruins was a woman, clasping a little boy in her arms. Nine bodies have been taken out.

Only a fortnight ago M. Strenalkers called attention in the chamber of deputies to the dangerous condition of the Opera Comique the oldest theatre in Paris.

The killed include four firemen. The loss of life is not attributed to a frantic rush in the theatre, but it is believed the stair case became blocked and prevented egress. The iron curtain was lowered in front of the stalls and this prevented the fire from spreading immediately to the auditorium, allowing the audience time to escape.

THE CABLEGRAMS TO-DAY.

PARIS, May 26.—The bodies of the ballet dancers who lost their lives by the burning of the opera house Comique last night, are lying in heaps in the ruins of the theatre. The firemen assert that many bodies are lying in the upper galleries. The number of persons that were killed greatly exceed the previous estimates. The excited crowd surrounds the ruins which are guarded by military dordon. Many distressing scenes are witnessed.

Later.—Twenty bodies in a terribly mutilated condition have been recovered from the ruins. The remains are principally those of ballet girls, choristers and machinists. Five of the bodies are are those of elderly ladies and one is that of a child. The firemen are lowering some of the bodies from the fourth story of the theatre by means of ropes.

4 p. m.—Twenty more bodies were recovered this afternoon from the ruins of the Theatre Comique. Search for the victims still continues.

FRIGHTFUL DISCOVERIES.

5 p. m.—The remains of three men and two women were found in a stage box, where the victims had taken refuge from the flames. It is ascertained that many bodies lie buried in the debris in the upper galleries, from whence the escape was exceedingly difficult.

Late this afternoon the bodies of eighteen women, in full dress, were found lying together at the bottom of the staircase leading from the second story. These all had escorts to the theatre, but no remains of the men were found anywhere near where the women were burned to death.

The walls of the theatre began falling this evening and search for the bodies had to be abandoned for the day.

Six thousand costumes were burned in the wardrope.

BRUSSELS, May 26.—A general strike has occurred at Cockerill's works. The glass works are obliged to use German coal in consequence of a strike among miners.

The Bricklayers Strike.

CHICAGO, May 26.—About twenty-five non-union bricklayers came here this morning from eastern cities and towns. Four were persuaded by the bricklayers to enlist in the ring of the strikers. The executive committee of the union will hold two regular meetings every day, at which the movements of master masons will be thoroughly studied and the pickets who are detailed at the various depots to receive new comers and influence them to join the union, will make their reports to this committee.

Flowing Wells.

ANGOLA, Ind., May 26.—Three flowing wells have been struck in Angola. One is 37 feet deep, and the other two 43 feet. The largest flows 17,280 gallons of water a day, and through a two-inch pipe will carry the water seven feet above ground.

Catholic Theological Conference.

The second theological conference of the diocese of Fort Wayne, convened at Logansport yesterday, Rev. Dean Champion, presdient, and Rev. J. H. Bathe, secretary. The members comprising the conference are the following reverened gentlemen: Very Rev. M. E. Champion, Revs. B. Kruger and H. Koehne, Logansport; John Grogan, Marion; F. C. Weichman, Anderson; H. Meisner, Peru; Jeremiah Quinlan, Union City; H. A. Hellbeke, Remington; F. Lordemann, Kokomo; H. Beckelman, Delphi; J. H. Bathe, Wabash; P. F. Roche, LaGro; D. J. Mulchey, Fulton; and W. C. Miller, Kentland.

This theological conference meets usually twice a year and at the meeting theological essays are read by several of the reverend gentlemen. Some of these essays treat of dogmatic, others of moral and some of disciplining subjects. Matters of morality and discipline are thoroughly taken up and discussed, which discussion always results in a great deal of good, especially in the general administration of the church.

INDIANAPOLIS.

The Benevolent Asylum Presidency—The New Laws Good.

INDIANAPOLIS, May 26.—There is a feeling that the governor will appoint J. L. Carson, of Fairland, president of the board, and that this selection will be announced to-morrow. His friends say that Carson is willing to make a fight for the office, and that he is an honest, fearless and discreet man.

The attorney general is making preparations to at once appeal the Harrison suit, decided in the Boone circuit court yesterday, to the supreme court. The suit involves the question whether the president of the benevolent board may receive a salary as trustee of the asylums and at the same time a salary as president.

The governor recently submitted to the attorney general the question whether the failure of the secretary of state to publish the financial statement with the acts of the general assembly renders the publication and circulation illegal The attorney general advises that the omission does not have that effect, for the reason that the constitutional clause providing for the publication of the financial statement with the session laws is directory only, and that the failure to publish the statement does not invalidate the publication of the laws, which is the essence of the thing to be done.

Judge and Mrs. Coombs Honored.

From 4 to 10 o'clock last evening the friends of Judge and Mrs. W. H. Coombs called at the suburban home of the honored people to offer congratulations on the occasion of the golden anniversary of their wedding day.

The Judge and Mrs. Coombs received their friends and gave a royal reception to the brilliant assembly.

Tables laden with presents rich and rare told in words of gold how much esteemed the host and hostess are, while the members of the Allen county bar testified their remembrance of the famed jurist by presenting him with an elegant family carriage with perfect appointments.

The event was one of the most notable in the history of the city.

Chicago Politics.

CHICAGO, May 26.—In consideration of the charges of bribery made against the candidates selected by the democratic central committee for circuit judges, a number of the leading members of the bar met yesterday and prepared a petition asking Julius S. Grinnell, Judge K. Boyesen and Richard W. Clifford to make the race for judges in connection with the republican candidates.

Presidential Appointments.

WASHINGTON, May 26.—President today appointed E. Henry Lacombe, of New York, additional circuit judge in the second judicial circuit and Richard N. Schooley, of Rochester, New York, to be commercial agent at Port Rowan, Canada.

Editor O'Brien Goes to Montreal.

ALBANY, N. Y. May 26.—Editor WM. O'Brien and party arrived here this morning. This forenoon the party visited both branches of the legislature. Mr. O'Brien making a few remarks in the assembly chamber. They left for Montreal at 1:10 p. m.

A Serious Boiler Explosion.

CONNERSVILLE, Pa., May 26.—The boiler of a portable saw mill belonging to John Craft, near Leisenring, exploded yesterday, instantly killing James Naylor and seriously injuring the proprietor and a man named Alex Work. The cause unknown.

A Railroad Completed.

WINNIPEG, May 26.—The first train on the Canadian Pacific railroad reached Van Couvre the ocean terminus Tuesday. Hitherto trains have stopped at New Westminster. There is great celebration over the completion of the line.

A Murder.

MANISTEE, Mich., May 26.—Last night on Peters' logging railroad, Amos Rhodes shot and instantly killed Louis Michaels. Rhodes appeared innocent when arrested. Jealousy is said to be the cause.

SHERIFF NELSON!

The Popular Officer is Critically Ill at Pleasant Lake—His Friends Alarmed at the Tidings From His Bedside.

Not all the friends of Sheriff Nelson have realized his precarious condition, so sudden was his illness. Last Saturday he engaged himself in serving papers in and about the city. He was out in the driving rain and contracted a very severe cold. En route to Pleasant Lake with Mrs. Nelson he was seized with a chill that developed into lung fever upon his arrival at the lake side. Since then he has been an awful sick man and this morning the news from his bedside is very alarming.

Mr. Henry W. Bond is up there and early telegraphed Dr. Woodworth to proceed on the first train to Mr. Nelson's bedside. Later Mr. Platt J. Wise received a telegram saying that Mr. Nelson was worse and that his condition was critical. Just before noon Mr. Henry W. Bond sent THE SENTINEL a telegram saying that the sick sheriff was very low and everybody but Mrs. Nelson and his nurses were excluded from his presence.

Mr. E. L. Craw, Mrs. Edwin Walker, of Chicago, and Mr. Nelson's daughter, Miss Julia, left for Pleasant Lake to see the sufferer.

PLEASANT LAKE, Ind., May 26, '87.

Special to the THE SENTINEL.

Sheriff Nelson had a very bad night, and his condition seems no better this morning. Dr. Fuller, his attending physician, does not talk very favorable about his case this morning.

GEO. E. YOUNG.

The Angola *Herald*, published yesterday, says: "Sheriff DeGroff Nelson and wife of Fort Wayne, came here last Saturday for a little recreation, fishing, etc. Mr. Nelson was not feeling very well when he left home, and has been confined to his bed at the Lake View since his arrival. The doctor reports a strong case of lung fever; temperature 103."

LAND SELECTION.

The Claim of the Grand Rapids and Indiana to an Indian Reservation Disputed by the Interior Department.

At the time the Grand Rapids and Indians railroad land grant was made, an Indian reservation near Petoskey was included within the territorial limits of the grant, and the reservation not being part of the public domain, was not at the time subject to selection by the railroad. The reservation has since been destroyed, and the land department at Washington is seeking to put the land on the market for settlers by ignoring the claim of the Grand Rapids and Indiana to select from the land previously held by the Indians as a reservation. President Hughart, of the Grand Rapids and Indiana, was seen yesterday in regard to the matter and said: "Our land grant has fallen short in round numbers some 300,000 acres, and since the Indians have been removed and their lands have reverted to the general government, we claim our right to selection the same as if the government owned the land at the time the grant was made. These lands were originally reserved for Indians, and some of them were taken up by the Indians and the title vested in them, but others were never taken up, but are still covered by the reservation. When the Indians were removed the lands which were not taken up by them reverted to the government and were as if they had never been reserved. The Grand Rapids and Indiana Railroad company received only about three-fourth of its grant, and these lands being within the territorial limits of their grant, we hold that they are subject to the right of the Grand Rapids and Indiana to select and take them. It is quite a fine point, and the interior department at Washington holds that the time has gone by when we are entitled to make our selection. It really makes but little difference to us anyway, because the land which we could select is of poor quality and of little value."

LOCAL NEWS.

Mr. Cy Fike was at Kendallville yesterday.

Wm. W. Shoaff vs. Alexander Murdock et. al. ditch lien, judgment for $125.

A recent shipmennt of twenty tons of ore from Warrick county, Ind., sent to a Newport, Ky.. smelter for test treatment, yielded $225 per ton of bullion in silver in gold. The average assays of the twenty-ton lot run 9.7 ounces in silver ton; 3 ounces gold. 7 per cent. lead: 70 per cent. silicate; 8 per cent. iron and manganese; 12 per cent. lime; value, $12 per ton. It carries almost its own fluxing, and is a desirable smelting ore. The smelting run was made last week and the analysis just completed. Similar ore abounds in this county, and THE SENTINEL knows of a lady who has many articles manufactured from the products of mines hereabouts when this territory was settled by Indians.

The Steedman Statue Unveiled.

TOLEDO, May 26.—Twenty thousand visitors are in the city to attend the dedication of the statue of Gen. James B. Steedman, including a great number of his old comrades in arms. The ceremonies included a procession, an oration by Lieutenant Governor Smith, of Illinois, who was Steedman's chief-of-staff; a formal transfer of the statue, which was erected by Mr. William J. Finlay at his own expense to city and response by Mayor Hamilton, unveiling by grand-daughter of General Steedman and the recitation of a poem. Gov. Foraker, of Ohio, acted as president of the day. Governor Luce and staff, of Michigan, was among the visitors.

Abraham Sweeney and another pray for a 15-inch sewer in the alley between Barr and Clinton streets. On motion of Mr. Scheid the prayer was referred to the sewer committee.

J. Cox and others asked for a 15-inch sewer in the alley between Creighton avenue and Tabor street. On motion of Mr. Scheid the above was referred to the sewer committee.

E. P. Williams and others asked for the restoration of Jones street in front of their property. On motion of Mr. Haiber the above was referred to the committee on streets.

Barbara Leuthner remonstrated against closing the alley from Jefferson to Madison streets. On motion of Mr. Michael the remonstrance was considered favorably and its prayer granted.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

To the Honorable Mayor and Common Council.

We your committee on streets and alleys respectfully report:

1. The contract to grade and macadamize Superior street to Henry Sheehan

2. The contract to grade and macadamize Calhoun street from Superior street to the N. Y., C. & St. L. railroad, to Henry Sheehan.

3. The contract for stone flagging on both sides of Columbia street, to Charles Becker, this being for Berea stone.

4. The contract for curbing and sidewalk on west side of Lafayette street, to Joseph Derbeimer.

5. The contract for curbing and sidewalk on east side of Broadway, to Joseph Derheimer.

6. The contract for sidewalk on east side of Harmer street, to Wm. Horstman.

7. The contract for sidewalk on west side of Metz street, to Wm. Horstman.

8. The contract for sidewalk on east side of Lafayette street to Wm. Horstman.

9. In favor of resolution of Councilman Griffith to grade and pave the sidewalks on west side of Fox street.

10. In favor of resolution of Councilman Griffith to grade and pave the sidewalks on the north side of Dawson street as per resolution.

11. In favor of resolution of Councilman Griffith to grade and pave the sidewalk on the south side of Taylor street.

12. In favor of resolution of Councilmen Buttenbender to grade and pave the sidewalks on the east side of Hanna street.

13. In reference to the resolution of Councilman Haiber, to grade and pave the sidewalk on south side of High street in front of Peters' Box & Lumber company, would respectfully report adverse on part of the work for the following reason: We find the sidewalk in front of the factory in good condition, and also, the factory could not have any brick walk on account of loading and unloading, except in front of the office and west thereof, which the company intend to put down with brick. On that part of the walk we report in favor.

14 In favor of petition of H. C. Paul to grant him permission to put down his own sidewalk on Columbia street.

15. Also in favor of petition of Jacob Klett, to allow him to put down crossing leading in his lumber yard.

16. In favor of petition of J. T. Tinkham, to allow him to put down a crossing leading in his coal yard.

17. In relation to the resolution of Councilman Webber, to have the street commissioner to notify the executor of the south 17½ feet of lot 76, original plat, to repair the sidewalk on Calhoun street, report in favor of the same, but we also find part of the walk in bad condition and beyond repair. In another section we recommend a new walk on the east side of Calhoun street, which includes the above named property.

18. We also recommend the confirmation of Frank Weber as deputy street commissioner, as asked for by the street commissioner.

19. The petition of owners along the east side of Calhoun street, asking the council to have new flagging put down on the side-walk to a width of twelve feet and referred to your committee, would report and recommend new flagging to be put down from the N. Y., C. & St. L. railroad to the P., Ft. W. & C. Railroad on the east side of Calhoun street to a width of ten feet instead of twelve as prayed for.

Also in favor of vacating the alley between Jefferson and Madison street, running north and south and bordering on lots 314, 315, and 309 and 308, Hanna's addition, providing the necessary expense is paid into the city treasury before the city commissioners are called out.

HERMAN MICHAEL,
H. A. READ,
Committee.

On motion of Mr. Read the report was all concurred in except section 20, which was ordered stricken

REPORT OF THE COMMITTEE ON SEWERS.

To His Honor the Mayor and Common Council.

We, the committee on sewers, make the following report.

1. We have awarded the contract to Joseph Derheimer for constructing a 15-inch sewer in the alley between Smith street and Oliver street, from Horace to Green street.

2. We have awarded the contract to Joseph Derheimer for repairing the outlet of the Hanna street sewer.

3. We have awarded the contract to Frederick Schultz for constructing an 18-inch sewer in the alley between Gay street and Smith street, from Horace street to Creighton avenue.

4. We have awarded the contract to John McCann for constructing a 12-inch sewer in the first alley west of Webster street, from the alley between Williams street and Dawson street to the south line of lot 22, Johnson's addition.

5. In favor of the ordinance to construct a 15-inch sewer in the alley between DeWald and Creighton avenue, from Harrison street to the first alley west of Calhoun street.

6. In favor of the resolution of Councilman Woulfe for cleaning the sand pits.

7. In favor of the resolution of Councilman Wessell to have a sand pit constructed in the alley between Hanna street and Force street.

8. Adverse to the remonstrance against the construction of the Griffith street sewer.

9. Adverse to the remonstrance of Wilhelmina Horstman against employing an inspector on the sewer in the alley between Smith street and Gay street, from Horace street to the north line of lot No. 1, Bass & Hanna's addition.

10. We have rejected the proposals for furnishing sewer pipe for the city.

COUNCIL PROCEEDINGS.

[*Continued from Second Page.*]

REPORT OF COMMITTEE ON WATER WORKS.

To the Honorable Mayor and Common Council.

We your committee on water works beg leave to report as follows:

1. That we have examined the report of the trustees of the water works for the month of April, 1887, and find the same to agree with the records.

2. We have carefully examined the report of Mr. Charles Hermany on "What shall be done with the reservoir." The report is very plain and explicit, and as near as we can learn concurs with the opinion of others who understand the requirements of the water works, i. e., that if the reservoir were completed it would be too small and not sufficiently elevated for an efficient fire service, and it would be necessary to keep steam at the pumping house and men in readiness continuously just as they now are, so it would be no help or relief to the pumping station. However, we would not recommend the abandonment of the reservoir at present, as we understand the Pittsburg and Wabash railway companies would become consumers to the extent of several hundred dollars per annum if it were completed. As soon as reliable assurance can be had that the water works revenue can be increased to a profitable extent by the completion of said reservoir, and which revenue cannot be obtained without it, we would then recommend its completion.

PETER J. SCHEID, } Com.

On motion of Mr. Webber the above report was concurred in.

REPORT OF POLICE COMMISSIONERS.

To the Honorable Mayor and Common Council.

We, the board of police commissioners, respectfully report to your honorable body that we organized as by ordinance instructed. His honor the mayor was selected as president of the board, and Commissioner Herman Michaels was selected secretary. The board then considered and consulted as to the best interest of the city and as to the management of the force. We feel justified in saying that we found no changes in the present force desirable, but were unanimous in the opinion that the vast territory covered by the city and the great increase in our population since 1877 has made it our duty to report to the council this night an ordinance, seeking first to do away with the three deputy marshals and increasing the patrol service from eighteen to twenty-four men, for both day and night service. This would be a practical increase of the force by three men. With the force thus increased the board could order the detail of five or six men for day service, and make the rules such as to have constant police service in the city and have all the men in uniform, as upon certain specified beats, covering the whole of the city. At this time we would remind the council of the necessity of the patrol wagon and telegraph system for our department. Your commissioners are of the opinion that ten alarm boxes, with patrol wagon and driver, would perform the service of a dozen additional men. We therefore recommend that the board be instructed to advertise for bids accordingly, so that the council may have reliable data as to the probable cost thereof.

REPORT OF CITY CIVIL ENGINEER.

To the Honorable Mayor and Common Council.

Having been duly elected by your honorable body on the 10th day of May, 1887, to the office of city civil engineer for the next ensuing two years, and having qualified according to law, will report that I have appointed Daniel McKendry rodman and office assistant for the next ensuing two years, subject to your approval.

J. S. GOSHORN, City Civil Engineer.

On motion of Mr. Wessell the report was concurred in and the appointment confirmed.

REPORT OF THE WATER WORKS TRUSTEES.

To the Honorable Mayor and Common Council.

1. In compliance with a resolution adopted by your honorable body on the 10th day of May, 1887, we have advertised for proposals for submerging the pipes which at present are on the West Main street bridge.

2. The reservoir is now kept full of water, as a safeguard in case of a breakage at the pumping house. There has been no steps taken to guard against accident by falling into the water, and as the city in all probability would be liable for damages should anything occur, we respectfully call your attention to it.

On motion of Mr. Webber the above report was referred to the committee on water works.

REPORT OF TRUSTEES OF THE WATER WORKS AND COMMITTEE ON WATER WORKS.

To the Honorable Mayor and Common Council.

We respectfully submit the following report for your consideration

1. The pumping capacity of the water works department is dangerously deficient. There is but one engine that can be depended upon to do service; it has been running night and day for nearly seven years and is apparently in good condition, but in the event that anything should occur with it or its attachments the city would be without water until the necessary repairs could be made. The high pressure engine is so small that its capacity would be of no use when depended upon alone. Therefore we deem it advisable to at once ascertain the most suitable make of engines with a capacity of not less than six million gallons, as well as the lowest cash price for the same, the high pressure engine to be disposed of in a manner that will be of the most benefit to the water works department.

2. We also report the condition of the water supply, which is now from Spy Run. From Spy Run to the basin consists of a small stream, which does not exceed in width six feet, and in depth from one to six inches. It is safe to say that this supply, without rain, would become entirely exhausted in less than thirty days. The city would have to depend upon the chance of getting the water supply through the pipe running from the basin to the St. Joe river, which, if all right and safe as to sufficient supply, would cause extra strain upon the engine in lifting the water so high, as it runs into the basin several feet lower than does the supply from Spy Run. We therefore suggest that a well be sunk as soon as possible, as heretofore recommended. If these improvements are made, which are certainly too risky to defer, they will necessitate an expenditure of at least twenty thousand dollars, including the submerging of the pipe at the west Main street bridge. We therefore report that the amount to be expended will have to be provided for in due time by the council, with the exception of the amount on hand in the water works fund, viz.: about eight thousand dollars.

3. With reference to the contemplated change from six inch to sixteen inch pipe on Calhoun street, from Columbia to Holman street, we would say that the change can only be made to twelve inch, as there is no connection larger than that.

4. All resolutions adopted by the council for pipe extensions, including the taking up and replacing of pipe on Calhoun street, likewise the placing of service pipes on same street, provide for the expense to be paid out of the water works fund. This fund is inadequate and will be needed for a more important purpose, viz.: The purchasing of an engine and providing water supply. We therefore recommend that all extensions and the laying of large pipe, etc., be deferred until the council provide means to defray all the expense of such work.

W. W. ROCKHILL, City Clerk.

On motion of Mr. Michael the above report was concurred in and precepts ordered to issue.

REPORT OF CITY TREASURER ON OPENING OF MONTGOMERY STREET.

To the Honorable Mayor and Common Council.

I respectfully report that all benefits assessed against the owners interested in the opening of Montgomery street, from Burr street to the alley between Calhoun and Clinton streets, as per report of city commissioners filed with the clerk, December 14, 1886, and delivered to me January 28, 1887, have been collected by me, and that the following amounts of damages in excess of benefits assessed are due to Allen Hamilton's heirs $50; to Henry Hamilton Williams, $50; to Mary V. Hamilton, $50; to Montgomery Hamilton, $50; and the clerk be instructed to issue an order on street special funds for the amounts stated, so that a legal tender can be made to the different parties interested.

HENRY C. BERGHOFF, City Treasurer.

On motion of Mr. Michael the above report was concurred in.

REPORT OF CITY TREASURER ON OPENING O ALLEY BETWEEN HANNA AND FORCE STS.

To His Honor the Mayor and Common Council.

I hereby respectfully report that I have collected all the benefits assessed in the matter of opening of the alley between Hanna and Force streets, from the south line of Moran's addition to the south line of the north half of Hanna's out lot 24, south of the railroad, and that the amount due to Mary and Terrence Martin in excess of benefits assessed is $6.68, which amount should be paid to them and the clerk instructed to issue an order upon street special funds for said purpose, as provided by law.

HENRY C. BERGHOFF, City Treasurer.

On motion of Mr. Doehrman the above report was concurred in.

REPORT OF THE STREET COMMISSIONER.

To His Honor the Mayor and Common Council.

I wish to report that the wooden box culvert built by the city about fourteen years ago, and commencing at the foot of Poplar and Oakley streets, running west through private property lot No. 31, Bond's second addition to the city of Fort Wayne, is in very bad condition. The owner of said lot has made complaints to me in relation to the matter and claims it the city's duty to rebuild it or make it in safe condition.

DENNIS O'BRIEN, Street Commissioner.

On motion of Councilman Doehrman the above report was referred to the committee on streets and alleys.

An Imperative Necessity.

What pure air is to an unhealthy locality, what spring cleaning is to the neat housekeeper, so is Hood's Sarsaparilla to everybody, at this season. The body needs to be thoroughly renovated, the blood purified and vitalized, the germs of disease destroyed. Scrofula, Salt Rheum, and all other blood disorders are cured by Hood's Sarsaparilla, the most popular and successful spring medicine.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE."

ABE YOU MADE miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin, Shiloh's Vitalizer is a positive cure.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cts., 50 cts., and $1.

SHILOH'S CATARRH REMEDY--a positive cure for Catarrh, Diptheria and Canker Mouth. For sale by Dreier & Bro.

ST. JACOBS OIL

FOR POULTRY AND SWINE.

41

Mr. J. M. McCann, Bridgeport, W. Va., the first to discover the virtues of St. Jacobs Oil for chicken cholera, says: "A bread pill, saturated with St. Jacobs Oil, was forced down the throat of the fowl, and within half an hour it was well as ever." "Mixed with dough," he says, "and fed to turkeys, chickens and other poultry suffering from this hitherto incurable disease, all that are able to swallow will be restored to perfect health; and if the saturated pills are forced down the throats of those that cannot swallow, they will flap their wings and crow in your face."

Chicken Cholera.

Terre Haute, Champaign Co., Ohio.

I received about ten days ago five very fine Polish chickens. A few days ago I noticed that two of them had something like the roup, and their throats seemed to be nearly stopped up and made wheezing sound at each respiration. One of them was not able to walk, or even stand on its feet. I took a small piece of bread, say about half an inch square, and saturated it with St. Jacobs Oil, and fed it to them, once in the morning and again in the evening. The next morning when I went out to look at them I could not tell which of the five chickens had been sick.

CHAS. F. POWELL, P. M.

Hog Cholera.

Cherry Camp, West Va.

St. Jacobs Oil is the best remedy known to me for Hog Cholera. It may be given them in milk—say a teaspoonful to each animal twice a day. I think that anyone trying it will find it beneficial.

E. M. ROBINSON.

Chicken Cholera.

Rev. T. S. Brooke, pastor Central Presbyterian Church, Clarksburg, W. Va., says: "I saturated a piece of bread size of my thumb with St. Jacobs Oil, and forced it down the throat. Chickens were in the last stage. I mixed it with meal, and gave them nothing else. They ate. In a week's time all were well."

St. Jacobs Oil is an absolute cure for all bodily pains for which an external remedy may be applied. It is sold by Druggists and Dealers throughout the world. Price fifty cents per bottle. The Charles A. Vogeler Co., Baltimore, Md.

W. J. McDonald

In returning thanks to you for my miraculous cure of eczema or salt rheum, I deem it advisable to give you a detailed account of my case, and as there is and always will be a prejudice against advertised remedies, you have my consent to publish this testimonial, and all inquiries, by letter or in person, I will cheerfully answer. I do this that people who go on year after year paying out large sums of money to incompetent physicians and receive no cure, or even relief, or end in filling a premature grave, as was nearly my case, may be induced to make a trial of the wonderful Cuticura remedies.

At the age of three months a rash made its appearance on my face. A physician was called, he said teething was the cause, he prescribed some cooling medicine, but the sores spread to my ears and head. Another M. D. was called. He professed to know all about the case, called it "King's Evil," and prescribed gun powder, brimstone and lard, mixed into a salve, but the disease continued. They could not do anything with it. Another prescribed borax water and flour; another, linseed poultices. None of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely, and from continual sitting on the floor on a pillow my limbs contracted so that I lost all control of them, and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all, and had to wear a sort of dressing gown. My hair had all matted down or fallen off, and my head, face and ears were one scab, and I had to have a towel on my head all the time in the summer to keep the flies off. My parents consulted a prominent physician and surgeon here in Chicago (the other physicians before mentioned were of Dundas and Hamilton, Canada), he said he could do nothing for me, that the chances were that I would grow out of it, or that it would strike inwardly and kill me in time. He wanted to cut the sinews of my legs so that I could walk, but I would not let him, for if I did get better I would have no control of them.

The disease continued in this manner until I was seventeen years old, and one day in January, 1879, in the Chicago Tribune, I read an account of your medicines. They described my case so exactly that I thought, as a last resort, to give them a trial.

When I first appied the Cuticura, I was all raw and bleeding from scratching myself, but when I applied it I went asleep almost immediately, something I had not done for years, the effect was so soothing.

The first morning after using it my flesh (I had no skin only on the end of my nose was a pink color. Next day it was kind of white, and I could place my hands on the sores without it being painful. In about two weeks I could stand straight, but not walk, I was so weak, but my sores were nearly well. Then I commenced the use of the Cuticura Resolvent, and in three days I was worse than ever. I was one mass of pimples from the top of my head to the soles of my feet; to say they were painful would not do justice to the case. In from two to four days they burst and left a small scale, which dropped off and left the spot pure and the skin white, and as near as I can judge I was cured in about six to eight weeks, and up to this date (i. e. from January, 1879, to January, 1887) I have not been sick in any way, or have had the least signs of the disease reappearing on me. I have an excellent appetite, have the very best of health. My limbs are straight, supple, and strong. I have been exposed to all sorts of weather without the least signs of the disease yet. The only difference I find in myself is that my skin is finer, softer and not so liable to get chapped as is other persons.

No doubt many persons will not believe this almost improbable story; many will think it grossly exaggerated. I don't blame them a bit if they do, but to satisfy themselves they can call or write to me and find out if what I have written above is true or not. There are many persons can testify to the wonderful cure I have received by your Cuticura Remedies.

Gentlemen, let me again thank you for my cure.

MRS. JOHN M. TAYLOR,

She Dies Suddenly at Her Home in Eel River Township This Morning.

The sad intelligence came from Churubusco this morning announcing the sudden death of Mrs. Taylor, wife of Ex-treasurer John M. Taylor, at their country home in Eel River township. Mrs. Taylor had been ill but a brief time when the death summons came, but particulars of her sudden demise are not now obtainable.

Her son, Mr. Judd Taylor, of this city, left at once for his home on receipt of a telegram.

The last will of Betsy Conkheit was filed with County Clerk Loag to-day. She leaves her property to her children.

Intending purchasers of Pond's Extract cannot take too much precaution to prevent substitution. Some druggists, trading on the popularity of the great Family Remedy, attempt to palm off other preparations, unscrupulously asserting them to be "the same as" or "equal to" Pond's Extract, indifferent to the deceit practiced upon and disappointment thereby caused to the purchaser, so long as larger profits accrue to themselves. Always insist on having Pond's Extract. Take no other. Sold in bottles only; never by measure. Quality uniform. Prepared only by Pond's Extract Co., New York and London. See our name on every wrapper and label.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving he child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

TERRIBLE CALAMITY.

The Paris Theatre Comique Destroyed By Fire and Search To-day Reveals Dead Bodies In Charred Heaps in the Ruins With the Worst to Come.

PARIS, May 26.—The Opera Comique took fire last evening. The whole building is now wrapped in flames. Several persons have been injured. Fourteen persons who jumped from the windows are dead and forty-three injured.

The fire broke out during the first act the opera "Mignon." One of the wings caught fire from a gas jet and the entire stage was immediately enveloped in flames. The fire soon spread to the whole house. Mme. Mergnillin and Mme. Tasquin and Bernard were on the stage when the fire broke out. All the actors ran out on the stage in costumes.

The audience got off easily, but the gas was turned off before all left the building and it is feared some were left in the upper tiers. The roof soon fell in sending showers of sparks as far as the Place de La Bourse.

Among the bodies taken out of the ruins was a woman, clasping a little boy in her arms. Nine bodies have been taken out.

Only a fortnight ago M. Strouakens called attention in the chamber of deputies to the dangerous condition of the Opera Comique the oldest theatre in Paris.

The killed include four firemen. The loss of life is not attributed to a frantic rush in the theatre, but it is believed the stair case became blocked and prevented egress. The iron curtain was lowered in front of the stalls and this prevented the fire from spreading immediately to the auditorium, allowing the audience time to escape.

THE CABLEGRAMS TO-DAY.

PARIS, May 26.—The bodies of the ballet dancers who lost their lives by the burning of the opera house Comique last night, are lying in heaps in the ruins of the theatre. The firemen assert that many bodies are lying in the upper galleries. The number of persons that were killed greatly exceed the previous estimates. The excited crowd surrounds the ruins which are guarded by military cordon. Many distressing scenes are witnessed.

Later.—Twenty bodies in a terribly mutilated condition have been recovered from the ruins. The remains are principally those of ballet girls, chorister and musicians. Five of the bodies are are those of elderly ladies and one is that of a child. The firemen are lowering some of the bodies from the fourth story of the theatre by means of ropes.

4 p. m.—Twenty more bodies were recovered this afternoon from the ruins of the Theatre Comique. Search for the victims still continues.

FRIGHTFUL DISCOVERIES.

5 p. m.—The remains of three men and two women were found in a stage box, where the victims had taken refuge from the flames. It is ascertained that many bodies lie buried in the debris in the upper galleries, from whence the escape was exceedingly difficult.

Late this afternoon the bodies of eighteen women, in full dress, were found lying together at the bottom of the staircase leading from the second story. These all had cuords to the theatre, but no remains of the men were found anywhere near where the women were burned to death.

The walls of the theatre began falling this evening and search for the bodies had to be abandoned for the day.

Six thousand costumes were burned in the wardrobe.

BRUSSELS, May 26.—A general strike has occurred at Cockerill's works. The glass works are obliged to use German coal in consequence of a strike among miners.

The Bricklayers Strike.

CHICAGO, May 26.—About twenty-five non-union bricklayers came here this morning from eastern cities and towns. Four were persuaded by the bricklayers to enlist in the ring of the strikers. The executive committee of the union will hold two regular meetings every day, at which the movements of master masons will be thoroughly studied and the pickets who are detailed at the various depots to receive new comers and influence them to join the union, will make their reports to this committee.

Flowing Wells.

ANGOLA, Ind., May 26.—Three flowing wells have been struck in Angola. One is 57 feet deep, and the other two 43 feet. The largest flows 17,280 gallons of water a day, and through a two-inch pipe will carry the water seven feet above ground.

Catholic Theological Conference.

The second theological conference of the diocese of Fort Wayne, convened at Logansport yesterday. Rev. Dean Champion, president, and Rev. J. H. Bathe, secretary. The members comprising the conference are the following reverened gentlemen: Very Rev. M. E. Champion, Revs. B. Kruger and H. Kuehne, Logansport; John Grogan, Marion; F. O. Weichman, Anderson; B. Melsner, Peru; Jeremiah Quinlan, Union City; H. A. Hollieke, Remington; F. Lordemann, Kokomo; H. Ruckelman, Delphi; J. H. Bathe, Wabash; P. F. Roche, LaGro; D. J. Mulchey, Fulton; and W. C. Miller, Rentland.

This theological conference meets usually twice a year and at the meeting theological essays are read by several of the reverend gentlemen. Some of these essays treat of dogmatic, others of moral and some of disciplining subjects. Matters of morality and discipline are thoroughly taken up and discussed, which discussion always results in a great deal of good, especially in the general administration of the church.

INDIANAPOLIS.

The Benevolent Asylum Presidency—The New Laws Good.

INDIANAPOLIS, May 26.—There is a feeling that the governor will appoint J. L. Carson, of Fairland, president of the board, and that this selection will be announced to-morrow. His friends say that Carson is willing to make a fight for the office, and that he is an honest, fearless and discreet man.

The attorney general is making preparations to at once appeal the Harrison suit, decided in the Boone circuit court yesterday, to the supreme court. The suit involves the question whether the president of the benevolent board may receive a salary as trustee of the asylums and at the same time a salary as president.

The governor recently submitted to the attorney general the question whether the failure of the secretary of state to publish the financial statement with the acts of the general assembly renders the publication and circulation illegal. The attorney general advises that the omission does not have that effect, for the reason that the constitutional clause providing for the publication of the financial statement with the session laws is directory only, and that the failure to publish the statement does not invalidate the publication of the laws, which is the essence of the thing to be done.

Judge and Mrs. Coombs Honored.

From 4 to 70 o'clock last evening the friends of Judge and Mrs. W. H. Coombs called at the suburban home of the honored people to offer congratulations on the occasion of the golden anniversary of their wedding day.

The Judge and Mrs. Coombs received their friends and gave a royal reception to the brilliant assembly.

Tables laden with presents rich and rare told in words of gold how much esteemed the host and hostess are, while the members of the Allen county bar testified their remembrance of the famed jurist by presenting him with an elegant family carriage with perfect appointments.

The event was one of the most notable in the history of the city.

Chicago Politics.

CHICAGO, May 26.—In consideration of the charges of bribery made against the candidates selected by the democratic central committee for circuit judges, a number of the leading members of the bar met yesterday and presented a petition asking Julius S. Grinnell, Judge K. Boyesen and Richard W. Clifford to make the race for judges in connection with the republican candidates.

SHERIFF NELSON!

The Popular Officer is Critically Ill at Pleasant Lake—His Friends Alarmed at the Tidings From His Bedside.

Not all the friends of Sheriff Nelson have realized his precarious condition, so sudden was his illness. Last Saturday he engaged himself in serving papers in and about the city. He was out in the driving rain and contracted a very severe cold. En route to Pleasant Lake with Mrs. Nelson he was seized with a chill that developed into lung fever upon his arrival at the lake side. Since then he has been an awful sick man and this morning the news from his bedside is very alarming.

Mr. Henry W. Bond is up there and early telegraphed Dr. Woodworth to proceed on the first train to Mr. Nelson's bedside. Later Mr. Platt J. Wise received a telegram saying that Mr. Nelson was worse and that his condition was critical. Just before noon Mr. Henry W. Bond sent THE SENTINEL a telegram saying that the sick sheriff was very low and everybody but Mrs. Nelson and his nurses were excluded from his presence.

Mr. E. L. Craw, Mrs. Edwin Walker, of Chicago, and Mr. Nelson's daughter, Miss Julia, left for Pleasant Lake to see the sufferer.

PLEASANT LAKE, Ind., May 26, '87.

Special to the THE SENTINEL.

Sheriff Nelson had a very bad night, and his condition seems no better this morning. Dr. Fuller, his attending physician, does not talk very favorable about his case this morning.

GEO. E. YOUNG.

The Angola *Herald*, published yesterday, says: "Sheriff DeHoff Nelson and wife of Fort Wayne, came here last Saturday for a little recreation, fishing, etc. Mr. Nelson was not feeling very well when he left home, and has been confined to his bed at the Lake View since his arrival. The doctor reports a strong case of lung fever; temperature 103."

LAND SELECTION.

The Claim of the Grand Rapids and Indiana to an Indian Reservation Disputed by the Interior Department.

At the time the Grand Rapids and Indiana railroad land grant was made, an Indian reservation near Potoskey was included within the territorial limits of the grant, and the reservation not being part of the public domain, was not at the time subject to selection by the railroad. The reservation has since been destroyed, and the land department at Washington is seeking to put the land on the market for settlers by ignoring the claim of the Grand Rapids and Indiana to select from the land previously held by the Indians as a reservation. President Hughart, of the Grand Rapids and Indiana, was seen yesterday in regard to the matter and said: "Our land grant has fallen short in round numbers some 300,000 acres, and since the Indians have been removed and their lands have reverted to the general government, we claim our right to selection the same as if the government owned the land at the time the grant was made. These lands were originally reserved for Indians, and some of them were taken up by the Indians and the title vested in them, but others were never taken up, but are still covered by the reservation. When the Indians were removed the lands which were not taken up by them reverted to the government and were as if they had never been reserved. The Grand Rapids and Indiana Railroad company received only about three-fourth of its grant, and these lands being within the territorial limits of their grant, we hold that they are subject to the right of the Grand Rapids and Indiana to select and take them. It is quite a fine point, and the interior department at Washington holds that the time has gone by when we are entitled to make our selection. It really makes but little difference to us anyway, because the land which we could select is of poor quality and of little value."

Judge Edward O'Rourke this morning disposed of the following cases: Margaret Dwyer vs. New York, Chicago and St. Louis railway; Fredrick Buck vs. New York, Chicago & St. Louis railway; Diedrick Hunschoevs, New York, Chicago and St. Louis railway; dismissed, state ex. rel. Wm. W. Shoaff vs. Alexander Murdock et. al. ditch law, judgment for $125.

A recent shipment of twenty tons of ore from Warrick county, Ind., sent to a Newport, Ky., smelter for test treatment, yielded $325 per ton of bullion in silver in gold. The average assays of the twenty-ton lot ran 9.7 ounces in silver ton; 3 ounces gold. 7 per cent. lead; 70 per cent. silicate; 8 per cent. iron and manganese; 12 per cent. lime; value, $12 per ton. It carries almost its own fluxing, and is a desirable smelting ore. The smelting run was made last week and the analysis just completed. Similar ore abounds in this county, and THE SENTINEL knows of a lady who has many articles manufactured from the products of mines heretofore in when this territory was settled by Indians.

The Steedman Statue Unveiled.

TOLEDO, May 26.—Twenty thousand visitors are in the city to attend the dedication of the statue of Gen. James B. Steadman, including a great number of his old comrades in arms. The ceremonies included a procession, an oration by Lieutenant Governor Smith, of Illinois, who was Steedman's chief-of-staff; a formal transfer of the statue, which was erected by Mr. William J. Finlay at his own expense to city and response by Mayor Hamilton, unveiling by grand-daughter of General Steedman and the recitation of a poem. Gov. Foraker, of Ohio, acted as president of the day. Governor Lucas and staff, of Michigan, was among the visitors.

The National Drill.

WASHINGTON, May 26.—The day was devoted to competitive drilling. Eight thousand spectators were in the grand stand. The competing infantry companies were the Governor's Guards, of Raleigh, N. C., the Louisiana Rifles, Sarsfield Rifles, of New Haven, Conn. The three competitive companies worthy of especial mention are the Louisiana Rifles, Washington Light Infantry and the Toledo Cadets.

THURSDAY. MAY 26, 1887.

THE COMMON COUNCIL

Report of Committees, Chief of Fire Department and City Civil Engineer.

John C. Peters asked that the grade of the gutter on the south side of Columbia street be changed so as to direct the water from the cellar on his premises.

On motion of Mr. Webber it was referred to the committee on streets and civil engineer.

G. E. Spiegel asked for a refunder from the clerk of water works, of $1, erroneously collected from him.

On motion of Mr. Webber it was referred to the committee on water works.

George Breckenridge asked permission to continue a brick crossing in front of his property on Calhoun street, instead of the stone sidewalk proposed.

On motion of Mr. Woulfe the request was referred to the committee on streets.

Keil & Bro. object to the opening of Fulton street; as they hold a deed for property involved.

On motion of Mr. Michael the above was referred to the street committee, city attorney and civil engineer.

S. D. Hanna submitted a plat of Hanna's out lot No. 11, plat A.

On motion of Mr. Michael it was referred to the street committee and city civil engineer.

Eliza Breese prayed for the payment of the court judgment and costs in her case against the city.

On motion of Mr. Webber the above was referred to the judiciary committee, mayor and city attorney.

Louis Belither and 10 other residents of Superior street filed their consent to the construction of a street railway on Superior street, from Calhoun street to the city limits on Spy Run avenue.

On motion of Mr. Doehrman the communication was referred to the committee on streets.

C. L. Centlivre asked the council to grant him the right-of-way to construct and operate a street car line on Superior street, from Calhoun street to Spy Run avenue. Mr. Webber moved the reference of the communication to a special committee of three. Mr. Doehrman amended to refer the matter to the committee on streets, and Mr. Doehrman's motion was carried by a vote of 14 to 3.

Abraham Sweeney and another pray for a 15-inch sewer in the alley between Barr and Clinton streets. On motion of Mr. Scheid the prayer was referred to the sewer committee.

J. Cox and others asked for a 15-inch sewer in the alley between Creighton avenue and Tabor street. On motion of Mr. Scheid the above was referred to the sewer committee.

E. P. Williams and others asked for the restoration of Jones street in front of their property. On motion of Mr. Hulber the above was referred to the committee on streets.

Barbara Leuthner remonstrated against closing the alley from Jefferson to Madison streets. On motion of Mr. Michael the remonstrance was considered favorably and its prayer granted.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

To the Honorable Mayor and Common Council.

We your committee on streets and alleys respectfully report:

1. The contract to grade and macadamize Superior street to Henry Sheehan.

2. The contract to grade and macadamize Calhoun street from Superior street to the N. Y., C. & St. L. railroad, to Henry Sheehan.

3. The contract for stone flagging on both sides of Columbia street, to Charles Becker, this being for Berea stone.

4. The contract for curbing and sidewalk on west side of Lafayette street, to Joseph Derheimer.

5. The contract for curbing and sidewalk on east side of Broadway, to Joseph Derheimer.

6. The contract for sidewalk on east side of Ewing street, to Wm. Horstman.

7. The contract for sidewalk on west side of Metz street, to Wm. Horstman.

8. The contract for sidewalk on east side of Lafayette street to Wm. Horstman.

9. In favor of resolution of Councilman Griffith to grade and pave the sidewalks on west side of Fox street.

10. In favor of resolution of Councilman Griffith to grade and pave the sidewalks on the north side of Dawson street as per resolution.

11. In favor of resolution of Councilman Griffith to grade and pave the sidewalk on the south side of Taylor street.

12. In favor of resolution of Councilmen Hultenbender to grade and pave the sidewalks on the east side of Hanna street.

13. In reference to the resolution of Councilman Haiber, to grade and pave the sidewalk on south side of High street in front of Peters' Box & Lumber company, would respectfully report adverse on part of the work for the following reason: We find the sidewalk in front of the factory in good condition, and also, the factory could not have any brick walk on account of loading and unloading, except in front of the office and west thereof, which the company intend to put down with brick. On that part of the walk we report in favor.

14. In favor of petition of H. C. Paul to grant him permission to put down his own sidewalk on Columbia street.

15. Also in favor of petition of Jacob Klett, to allow him to put down crossing leading in his lumber yard.

16. In favor of petition of J. T. Tinkham, to allow him to put down a crossing leading in his coal yard.

17. In relation to the resolution of Councilman Webber, to have the street commissioner to notify the executor of the south 17½ feet of lot 76, original plat, to repair the sidewalk on Calhoun street, report in favor of the same, but we also find part of the walk in bad condition and beyond repair. In another section we recommend a new walk on the east side of Calhoun street, which includes the above named property.

18. We also recommend the confirmation of Frank Weber as deputy street commissioner, as asked for by the street commissioner.

19. The petition of owners along the east side of Calhoun street, asking the council to have new flagging put down on the sidewalk to a width of twelve feet and referred to your committee, would report and recommend new flagging to be put down from the N. Y., C. & St. L. railroad to the P., Ft. W. & C. Railroad on the east side of Calhoun street to a width of ten feet instead of twelve as prayed for.

20. Also in favor of vacating the alley between Jefferson and Madison street, running north and south and bordering on lots 314, 315, and 369 and 398, Hanna's addition, providing the necessary expense is paid into the city treasury before the city commissioners are called out.

HERMAN MICHAEL,
H. A. READ,
Committee.

On motion of Mr. Read the report was all concurred in except section 20, which was ordered stricken.

REPORT OF THE COMMITTEE ON SEWERS.

To His Honor the Mayor and Common Council.

We, the committee on sewers, make the following report.

1. We have awarded the contract to Joseph Derheimer for constructing a 15-inch sewer in the alley between Smith street and Oliver street, from Horace to Green street.

2. We have awarded the contract to Joseph Derheimer for repairing the outlet of the Hanna street sewer.

3. We have awarded the contract to Frederick Schultz for constructing an 18-inch sewer in the alley between Gay street and Smith street, from Horace street to Creighton avenue.

4. We have awarded the contract to John McCann for constructing a 12-inch sewer in the first alley west of Webster street, from the alley between Williams street and Dawson street to the south line of lot 22, Johnson's addition.

5. In favor of the ordinance to construct a 15-inch sewer in the alley between DeWald and Creighton avenue, from Harrison street to the first alley west of Calhoun street.

6. In favor of the resolution of Councilman Woulfe for cleaning the sand pits.

7. In favor of the resolution of Councilman Wessell to have a sand pit constructed in the alley between Hanna street and Force street.

8. Adverse to the remonstrance against the construction of the Griffith street sewer.

9. Adverse to the remonstrance of Wilhelmine Horstman against employing an inspector on the sewer in the alley between Smith street and Gay street, from Horace street to the north line of lot No. 1, Bass & Hanna's addition.

10. We have rejected the proposals for furnishing sewer pipe for the city.

LEVI GRIFFITH,
MILTON N. WEBBER, } Com.
LOUIS HAZZARD,

On motion of Mr. Griffith the above report was concurred in.

It is a Curious Fact

That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite and giving a healthy to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

At Columbus, thirty head of short-horns sold for $3,720, an average of $93.

I Owe My Life.

CHAPTER I.

"I was taken sick a year ago
With billious fever."

"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I

Could not move!

I shrunk!

From 228 lbs. to 120! I had been doctoring for my liver, but it did no good, I did not expect to live more than three months. I began to use Hop Bitters.

Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, and after using several bottles, I am not only as sound as a sovereign, but weigh more than I did before. To Hop Bitters I owe my life."

Dublin, June, '84. R. FITZPATRICK.

CHAPTER II.

"Malden, Mass., Feb. 1, 1886. Gentlemen—
I suffered with attacks of sick headache"
Neuralgia, female trouble, for years in the most terrible and excruciating manner.
No medicine or doctor could give me relief or cure, until I used Hop Bitters.
"The first bottle
Nearly cured me;"
The second made me as well and strong as when a child,
"And I have been so to this day."
My husband was an invalid for twenty years with a serious.
"Kidney, liver and urinary complaint.
"Pronounced by Boston's best physicians—"Incurable!"
Seven bottles of your Bitters cured him and I know of the
"Lives of eight persons"
In my neighborhood that have been saved by your bitters.
And many more are using them with great benefit. "They almost do miracles?"

How to Get well.—Which is answered in three words—Take Hop Bitters.

Hardened Liver.

Five years ago I broke down with kidney and liver complaint and rheumatism.

Since then I have been unable to be about at all. My liver became hard like wood; my limbs were puffed up and filled with water.

All the best physicians agreed that nothing could cure me. I resolved to try Hop Bitters; I have used seven bottles; the hardness has all gone from my liver, the swelling from my limbs, and it has worked a miracle in my case; otherwise I would have been now in my grave.

COUNCIL PROCEEDINGS.

[*Continued from Second Page.*]

REPORT OF COMMITTEE ON WATER WORKS.

To the Honorable Mayor and Common Council.

We your committee on water works beg leave to report as follows:

1. That we have examined the report of the trustees of the water works for the month of April, 1887, and find the same to agree with the records.

2. We have carefully examined the report of Mr. Charles Hermany on "What shall be done with the reservoir." The report is very plain and explicit, and as near as we can learn concurs with the opinion of others who understand the requirements of the water works, i. e., that if the reservoir were completed it would be too small and not sufficiently elevated for an efficient fire service, and it would be necessary to keep steam at the pumping house and men in readiness continually just as they now are, so it would be no help or relief to the pumping station. However, we would not recommend the abandonment of the reservoir at present, as we understand the Pittsburg and Wabash railway companies would become consumers to the extent of several hundred dollars per annum if it were completed. As soon as reliable assurance can be had that the water works revenue can be increased to a profitable extent by the completion of said reservoir, and which revenue cannot be obtained without it, we would then recommend its completion.

PETER J. SCHEID, H. A. READ, } Com.

On motion of Mr. Webber the above report was concurred in.

REPORT OF POLICE COMMISSIONERS.

To the Honorable Mayor and Common Council.

We, the board of police commissioners, respectfully report to your honorable body that we organized as by ordinance instructed. His honor the mayor was selected as president of the board, and Commissioner Herman Michaels was selected secretary. The board then considered and consulted as to the best interest of the city and as to the management of the force. We feel justified in saying that we found no changes in the present force desirable, but were unanimous in the opinion that the vast territory covered by the city and the great increase in our population since 1877 has made it our duty to report to the council this night an ordinance, seeking first to do away with the three deputy marshals and increasing the patrol service from eighteen to twenty-four men, for both day and night service. This would be a practical increase of the force by three men. With the force thus increased the board could order the detail of five or six men for day service, and make the rules such as to have constant police service in the city and have all the men in uniform, as upon certain specified beats, covering the whole of the city. At this time we would remind the council of the necessity of the patrol wagon and telegraph system for our department. Your commissioners are of the opinion that ten alarm boxes, with patrol wagon and driver, would perform the service of a dozen additional men. We therefore recommend that the board be instructed to advertise for bids accordingly, so that the council may have reliable data as to the probable cost thereof.

CHARLES F. MUHLER, W. DOEHRMAN, HERMAN MICHAEL, JAMES WOULFE, JNO. WESSEL, JR., } Com.

On motion of Mr. Monahan the report was concurred in.

REPORT OF CHIEF OF FIRE DEP'T.

To His Honor the Mayor and Common Council.

I hereby respectfully report that I have appointed John McGowen and Fred Becker assistant engineers of the fire department, and ask your honorable body to confirm my appointments.

HENRY HILBRECHT, Chief of Fire Department.

On motion of Mr. Doehrman the above report was concurred in and appointments confirmed.

REPORT OF CITY CIVIL ENGINEER.

To the Honorable Mayor and Common Council.

Having been duly elected by your honorable body on the 10th day of May, 1887, to the office of city civil engineer for the next ensuing two years, and having qualified according to law, will report that I have appointed Daniel McKendry rodman and office assistant for the next ensuing two years, subject to your approval.

J. E. GOSHORN, City Civil Engineer.

On motion of Mr. Wessell the report was concurred in and the appointment confirmed.

REPORT OF THE WATER WORKS TRUSTEES.

To the Honorable Mayor and Common Council.

1. In compliance with a resolution adopted by your honorable body on the 10th day of May, 1887, we have advertised for proposals for submerging the pipes which at present are on the West Main street bridge.

2. The reservoir is now kept full of water, as a safeguard in case of a breakage at the pumping house. There has been no steps taken to guard against accident by falling into the water, and as the city in all probability would be liable for damages should anything occur, we respectfully call your attention to it.

T. B. HEDEKIN, J. F. W. MEYER, E. B. KUNKLE, } Trustees.

On motion of Mr. Webber the above report was referred to the committee on water works.

REPORT OF TRUSTEES OF THE WATER WORKS AND COMMITTEE ON WATER WORKS.

To the Honorable Mayor and Common Council.

We respectfully submit the following report for your consideration.

1. The pumping capacity of the water works department is dangerously deficient. There is but one engine that can be depended upon to do service; it has been running night and day for nearly seven years and is apparently in good condition, but in the event that anything should occur with it or its attachments the city would be without water until the necessary repairs could be made. The high pressure engine is so small that its capacity would be of no use when depended upon alone. Therefore we deem it advisable to at once ascertain the most suitable make of engines with a capacity of not less than six million gallons, as well as the lowest cash price for the same, the high pressure engine to be disposed of in a manner that will be of the most benefit to the water works department.

2. We also report the condition of the water supply, which is now from Spy Run. The flow to the basin consists of a small stream, which does not exceed in width six feet, and in depth from one to six inches. It is safe to say that this supply, without rain, would become entirely exhausted in less than thirty days. The city would have to depend upon the chance of getting the water supply through the pipe running from the basin to the St. Joe river, which, if all right and safe as to sufficient supply, would cause extra strain upon the engine in lifting the water so high, as it runs into the basin several feet lower than does the supply from Spy Run. We therefore suggest that a well be sunk as soon as possible, as heretofore recommended. If these improvements are made, which are certainly too risky to defer, they will necessitate an expenditure of at least twenty thousand dollars, including the submerging of the pipe at the west Main street bridge. We therefore report that the amount to be expended will have to be provided for in due time by the council, with the exception of the amount on hand in the water works fund, viz.: about eight thousand dollars.

3. With reference to the contemplated change from six inch to sixteen inch pipe on Calhoun street, from Columbia to Holman street, we would say that the change can only be made to twelve inch, as there is no connection larger than that.

4. All resolutions adopted by the council for pipe extensions, including the taking up and replacing of pipe on Calhoun street, likewise the placing of service pipes on same street, provide for the expense to be paid out of the water works fund. This fund is inadequate and will be needed for a more important purpose, viz.: The purchasing of an engine and providing water supply. We therefore recommend that all extensions and the laying of large pipe, etc., be deferred until the council provide means to defray all the expense of such work.

T. B. HEDEKIN, JOHN F. W. MEYER, E. B. KUNKLE, } Trustees.

PETER J. SCHEID, H. A. READ, } Com.

On motion of Mr. Woulfe the above report was concurred in.

On motion of Mr. Michael the above report was concurred in and precepts ordered to issue.

REPORT OF CITY TREASURER ON OPENING OF MONTGOMERY STREET.

To the Honorable Mayor and Common Council.

I respectfully report that all benefits assessed against the owners interested in the opening of Montgomery street, from Barr street to the alley between Calhoun and Clinton streets, as per report of city commissioners filed with the clerk, December 14, 1886, and delivered to me January 28, 1887, have been collected by me, and that the following amounts of damages in excess of benefits assessed are due to Allen Hamilton's heirs $50; to Henry Hamilton Williams, $50; to Mary V. Hamilton, $50; to Montgomery Hamilton, $50; and the clerk be instructed to issue an order on street special funds for the amounts stated, so that a legal tender can be made to the different parties interested.

HENRY C. BERGHOFF, City Treasurer.

On motion of Mr. Michael the above report was concurred in.

REPORT OF CITY TREASURER ON OPENING OF ALLEY BETWEEN HANNA AND FORCE STS.

To His Honor the Mayor and Common Council.

I hereby respectfully report that I have collected all the benefits assessed in the matter of opening of the alley between Hanna and Force streets, from the south line of Moran's addition to the south line of the north half of Hanna's out lot 24, south of the railroad, and that the amount due to Mary and Terrence Martin in excess of benefits assessed is $6.68, which amount should be paid to them and the clerk instructed to issue an order upon street special funds for said purpose, as provided by law.

HENRY C. BERGHOFF, City Treasurer.

On motion of Mr. Doehrman the above report was concurred in.

REPORT OF THE STREET COMMISSIONER.

To His Honor the Mayor and Common Council.

I wish to report that the wooden box culbert built by the city about fourteen years ago, and commencing at the foot of Poplar and Oakley streets, running west through private property lot No. 31, Bond's second addition to the city of Fort Wayne, is in very bad condition. The owner of said lot has made complaints to me in relation to the matter and claims it the city's duty to rebuild it or make it in safe condition.

DENNIS O'BRIEN, Street Commissioner.

On motion of Councilman Doehrman the above report was referred to the committee on streets and alleys.

An Imperative Necessity.

What pure air is to an unhealthy locality, what spring cleaning is to the neat housekeeper, so is Hood's Sarsaparilla to everybody, at this season. The body needs to be thoroughly renovated, the blood purified and vitalized, the germs of disease destroyed. Scrofula, Salt Rheum, and all other blood disorders are cured by Hood's Sarsaparilla, the most popular and successful spring medicine.

ST. JACOBS OIL

FOR POULTRY AND SWINE.

Mr. J. M. McCann, Bridgeport, W. Va., the first to discover the virtues of St. Jacobs Oil for chicken cholera, says: "A bread pill, saturated with St. Jacobs Oil, was forced down the throat of the fowl, and within half an hour it was well as ever." "Mixed with dough," he says, "and fed to turkeys, chickens and other poultry suffering from this hitherto incurable disease, all that are able to swallow will be restored to perfect health; and if the saturated pills are forced down the throats of those that cannot swallow, they will flap their wings and crow in your face."

Chicken Cholera.

Terre Haute, Champaign Co., Ohio.

I received about ten days ago five very fine Polish chickens. A few days ago I noticed that two of them had something like the roup, and their throats seemed to be nearly stopped up and made wheezing sound at each respiration. One of them was not able to walk, or even stand on its feet. I took a small piece of bread, say about half an inch square, and saturated it with St. Jacobs Oil, and fed it to them, once in the morning and again in the evening. The next morning when I went out to look at them I could not tell which of the five chickens had been sick.

CHAS. F. POWELL, P. M.

Hog Cholera.

Cherry Camp, West Va.

St. Jacobs Oil is the best remedy known to me for Hog Cholera. It may be given them in milk—say a teaspoonful to each animal twice a day. I think that anyone trying it will find it beneficial.

E. M. ROBINSON.

Chicken Cholera.

Rev. T. S. Brooke, pastor Central Presbyterian Church, Clarksburg, W. Va., says: "I saturated a piece of bread size of my thumb with St. Jacobs Oil, and forced it down the throat. Chickens were in the last stage. I mixed it with meal, and gave them nothing else. They ate. In a week's time all were well."

St. Jacobs Oil is an absolute cure for all bodily pains for which an external remedy may be applied. It is sold by Druggists and Dealers throughout the world. Price fifty cents per bottle. The Charles A. Vogeler Co., Baltimore, Md.

MARLIN Magazine Rifle.

BALLARD GALLERY, SPORTING AND TARGET RIFLES. MARLIN FIRE ARMS CO., New Haven, Conn.

In returning thanks to you for my miraculous cure of eczema or salt rheum, I deem it advisable to give you a detailed account of my case, and as there is and always will be a prejudice against advertised remedies, you have my consent to publish this testimonial, and all inquiries, by letter or in person, I will cheerfully answer. I do this that people who go on year after year paying out large sums of money to incompetent physicians and receive no cure, or even relief, or end in filling a premature grave, as was nearly my case, may be induced to make a trial of the wonderful Cuticura remedies.

At the age of three months a rash made its appearance on my face. A physician was called, he said teething was the cause, he prescribed some cooling medicine, but the sores spread to my ears and head. Another M. D. was called. He professed to know all about the case, called it "King's Evil," and prescribed gunpowder, brimstone and lard, mixed into a salve, but the disease continued. They could not do anything with it. Another prescribed borax water and flour; another, linseed poultices. None of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely, and from continual sitting on the floor on a pillow my limbs contracted so that I lost all control of them, and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all, and had to wear a sort of dressing gown. My hair had all matted down or fallen off, and my head, face and ears were one scab, and I had to have a towel on my head all the time in the summer to keep the flies off. My parents consulted a prominent physician and surgeon here in Chicago (the other physicians before mentioned were of Dundas and Hamilton, Canada), he said he could do nothing for me, that the chances were that I would grow out of it, or that it would strike inwardly and kill me in time. He wanted to cut the sinews of my legs so that I could walk, but I would not let him, for if I did get better I would have no control of them.

The disease continued in this manner until I was seventeen years old, and one day in January, 1879, in the Chicago Tribune, I read an account of your medicines. They described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied the Cuticura, I was all raw and bleeding from scratching myself, but when I applied it I went asleep almost immediately, something I had not done for years, the effect was so soothing.

The first morning after using it my flesh (I had no skin only on the end of my nose) was a pink color. Next day it was kind of white, and I could place my hands on the sores without it being painful. In about two weeks I could stand straight, but not walk, I was so weak, but my sores were nearly well. Then I commenced the use of the Cuticura Resolvent, and in three days I was worse than ever. I was one mass of pimples from the top of my head to the soles of my feet; to say they were painful would not do justice to the case. In from two to four days they burst and left a small scale, which dropped off and left the spot pure and the skin white, and as near as I can judge I was cured in about six to eight weeks, and up to this date (i. e. from January, 1879, to January, 1887) I have not been sick in any way, or have had the least signs of the disease reappearing on me. I have an excellent appetite, have the very best of health. My limbs are straight, supple, and strong. I have been exposed to all sorts of weather without the least signs of the disease yet. The only difference I find in myself is that my skin is finer, softer and not so liable to get chapped as is other persons.

No doubt many persons will not believe this almost improbable story; many will think it grossly exaggerated. I don't blame them a bit if they do, but to satisfy themselves they can call or write to me and find out if what I have written above is true or not. There are many persons can testify to the wonderful cure I have received by your Cuticura Remedies.

Gentlemen, let me again thank you for my cure.

Intending purchasers of Pond's Extract cannot take too much precaution to prevent substitution. Some druggists, trading on the popularity of the great Family Remedy, attempt to palm off other preparations, unscrupulously asserting them to be "the same as" or "equal to" Pond's Extract, indifferent to the deceit practiced upon and disappointment thereby caused to the purchaser, so long as larger profits accrue to themselves. Always insist on having Pond's Extract. Take no other. Sold in bottles only; never by measure. Quality uniform. Prepared only by Pond's Extract Co., New York and London. See our name on every wrapper and label.

ADVICE TO MOTHERS.—MRS. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.
